LIABILITY: Although every precaution will be taken to protect the safety and comfort of guests, neither this Association nor its representatives nor the auctioneer or clerk can assume any liability for accidents.

TERMS: All sales cash unless previous arrangements are made with consignor from whom you purchase. Settlements are to be made with the clerk immediately at the conclusion of the sale.

STANDARD GUARANTEE

Endorsed by the American Shorthorn Association

1. Proper care must be given by the purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy bull or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals catalogued have been tested for T. B. and are clean and have also passed test for Brucellosis 30 days prior to the sale, or are accompanied by a Bangs vaccination certificate. Announcements will be made covering animals not clear from vaccination.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction. All prospective buyers should check health requirements of their state.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale or will have certificates of Bangs calfhood vaccination, and those that are not from accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
